

Philips EasySpeed  
Steam iron with Ceramic  
soleplate

**1400 W**

15 g/min steam  
100 g steam boost

**RI2042/42**

# Fast, from start to finish

## 3 ways to speed up your ironing

This EasySpeed iron speeds up your ironing thanks to: triple precision tip, even heat distribution across the soleplate and continuous steam.

### Comfortable ironing

- A fine spray evenly moistens the fabric
- Drip-stop system keeps your garments spotless while ironing
- Even steam distribution for efficient ironing
- Triple precision tip for optimal control and visibility

### Longer lifetime

- Calc clean slider to easily remove scale out of your iron

### Easily removes creases

- 100 g steam boost to remove stubborn creases easily
- Vertical steam for crease removal in hanging fabrics
- Continuous steam output up to 35 g/min
- Ceramic soleplate for better gliding performance
- Power up to 2100 W enabling constant high steam output

# PHILIPS

# Highlights

## Steam boost up to 100 g

The iron's 100 g steam boost enables you to easily remove even the most stubborn creases.

## Ceramic soleplate

Ceramic soleplate is scratch resistant, glides well and easy to clean.

## Drip stop system

Drip Stop system lets you iron delicate fabrics at low temperatures without having to worry about stains from water droplets.

## Spray

The spray function produces a fine mist that evenly moistens the fabric, making it easier to iron out creases.

## Steam output up to 35 g/min

Continuous steam output of up to 35 g/min gives you the perfect amount of steam to efficiently remove all creases.

## Even steam distribution

Thanks to the carefully crafted soleplate design, the steam is distributed evenly across the soleplate. This way you need less strokes to evenly moisten the garment and therefore less time to complete the ironing.

## Triple precision tip

The tip of this Philips iron is precise in 3 ways: it has a pointed tip, button groove and a sleek design of the nose. Triple Precision tip enables you to reach even into the most tricky areas, e.g. around the buttons or between the pleats.

## Calc clean slider

This calc clean slider makes it very easy to remove scale out of your iron. To maintain the performance of your Philips steam iron you should use this scale clean function once a month.

## Vertical steam

This Philips iron has a vertical steam function, for crease removal in hanging fabrics.

# Specifications

## Fast & powerful crease removal

- Soleplate: Ceramic soleplate
- Continuous steam output: 15 g/min
- Steam boost: 100 g
- Vertical steam
- Spray
- Power: 2100 W
- Steam output

## Easy to use

- Water tank capacity: 270 ml
- Drip stop
- Reaching tricky areas: Triple precision tip

## Calc management

- Calc clean solution: Self clean
